ABOUT

A Bachelor of Computer Science (Hons.) graduate from Universiti Teknologi MARA (UiTM) Shah Alam with a strong technical background in network infrastructure and server maintenance. A highly motivated individual with hands-on experience in freelance computer repair and system development, skilled in troubleshooting hardware, managing network-layer security, and implementing IoT solutions

EDUCATION

- March 2024 – July 2026 : **Bachelor Of Computer Science (HONS.) Computer Networks**
Universiti Teknologi MARA (UiTM) Shah Alam Campus
CGPA: 3.34
- October 2020 – March 2024 : **Diploma in Computer Science**
Universiti Teknologi MARA (UiTM) Sarawak Branch, Samarahan 2 Campus
CGPA: 3.09
- 2016 –2019 : SMK Bandar Tun Hussein Onn 2
(Elective in Computer Science)

COMPUTER SKILLS

- Certifications : CCNA: Switching, Routing, and Wireless Essentials (Cisco, Mar 2025), Introduction to Cybersecurity (Cisco, Jun 2025), Introduction to Modern AI (Cisco, Jun 2025), Introduction to Data Science (Cisco, Jun 2025), Introduction to IoT and Digital Transformation (Cisco, Nov 2024).
- Language : C++, Java, PHP, MySQL, Python
- Software : Cisco Packet Tracer, GNS3, Microsoft Office, Adobe Photoshop.
- Operating system : Microsoft Windows, Linux, MacOS.
- Hardware : Laptop, Cisco Router, Cisco Server, IoT Microcontrollers.
- Technology : Internet of Things (IoT), Network Security, Mobile Computing, Android app programming.

OTHER SKILLS

- Language proficiency : Malay (9/10), English (7/10), French (3/10)
- Driving license : Class D

RELATED COURSES

- Computer Technology : Introduction to Data Communication and Networking, Operating System Concept, Digital Electronics, Internet of Things.
- Programming : Object-Oriented Programming, Data Structures, Network Programming.
- Database : Introduction to Database Management System.
- Information System : Network Design and Management, Principles of Networking, Information and Network, Technology Entrepreneurship.

COMPUTER PROJECTS

- System Development : Smart Screen Time Management Application (FYP): Developed a system using Network-Layer Access Control and a Remote Administrative Dashboard for device policy enforcement, demonstrating network security implementation skills.
- IoT / Security : IoT-Enabled Food Locker System: Engineered an intelligent storage locker using networked sensors for real-time data analytics and secure access control.

INTERNSHIP EXPERIENCE

- September 2023 – March 2024 : Express Rail Link Sdn Bhd
- Provided direct technical support to staff and assisted in on-site support for ERL events.
 - Maintained and administered servers across multiple ERL stations, ensuring continuous operation and high availability of critical infrastructure.
 - Managed and executed CCTV installation and maintenance across various stations, showcasing hands-on experience in physical security systems.
 - Conducted IT audits on departmental systems to ensure compliance
 - Designed and developed an inventory management website for the IT department using PHP and MySQL skills.

EXTRA CURRICULAR

- SULAM Project Organizer : Secured external sponsorship and managed vendor relationships for merchandise, leading the execution of the community service-learning project in Kampung Budiman, Klang.
- Nets Club Member : Active member of the Networking Society (Nets Club) in UiTM Shah Alam, participating in technical workshops and networking events.
