ABOUT

A Bachelor of Computer Science (Hons.) graduate from Universiti Teknologi MARA (UiTM) Shah Alam with a strong technical background in network infrastructure and server maintenance. A highly motivated individual with hands-on experience in freelance computer repair and system development, skilled in troubleshooting hardware, managing network-layer security, and implementing IoT solutions

PROFESSIONAL EXPERIENCE

Technical Support Intern | 2026 – Current

Pro Office Technology Sdn Bhd

- Resolved technical issues related to systems, applications, and network connectivity.
- Provided first-level IT support to internal and external users.
- Supported the installation and configuration of IT equipment such as computers, operating systems, printers, and network devices.
- Troubleshoot hardware and software issues and escalated complex problems to senior technical staff.
- Assisted in maintaining proper documentation of technical issues and organizing IT assets and equipment inventory.

IT Support Specialist Intern | 2023 – 2024

Express Rail Link Sdn Bhd

- Maintained and Administered servers across multiple stations for high availability.
- Managed CCTV installation and maintenance for physical security.
- Provided technical support to staff and on-site event support.
- Developed an inventory management website using PHP & MySQL.
- Conducted IT audits on departmental systems to ensure compliance

EDUCATION

Universiti Teknologi MARA (UiTM) | 2024–2026

Bachelor Of Computer Science (HONS.) Computer Networks

- CGPA: 3.34
- Dean’s List for Semester 4 and 6

Universiti Teknologi MARA (UiTM) | 2021–2024

Diploma in Computer Science

- CGPA: 3.15

SMK Bandar Tun Hussein Onn 2 | 2016–2020

- Elective in Computer Science

PROJECTS

Smart Screen Time Management App (Final Year Project)

- Developed a system using Network-Layer Access Control and a Remote Administrative Dashboard for device policy enforcement, demonstrating network security implementation skills.

IoT-Enabled Food Locker System

- Engineered an intelligent storage locker using networked sensors for real-time data analytics and secure access control.

Rumah Kanak-Kanak Toh Puan Hajah Norkiah, Kuching Sarawak

- Facilitated community outreach with orphans, organized mini sports activities, and delivered a "Future Jobs" awareness talk.
